MANHOOD

How Lost. How Restored! Just published, a new edition of Dr. Culverwell's Celebrated Essay on the redical care of Spermator-Inca, or Seminal Weakness, involuntary Seminal Losses, Impotency, Mental and Physical Incapacity, Impediments to Marriage, etc.; also, Consumption, Epilepsy and Fits, induced by self-induagence or sexal extravagance, etc.

The celebrated author, in this admirable Essay, clearly demonstrates, from a thirty years' successful practice, that the alarming consequences of self-abuse may be radically cured; pointing out a mode of cure at once simple, certain and effectual, by means of which every sufferer, no matter what his condition may be, may cure himself cheaply, privately, and redically.
